

One day each month, Leunigs will donate 10% of sales to a worthy local charity. On that day we will raffle off a gift certificate for Dinner for Two, with the proceeds going to the designated charity. We will also make available our

Leunig's Community Partner Card.

This card sells for \$50, with half the purchase price donated to the current month's charity. The partner card entitles the purchaser to 20% off food purchases for one year. The differences in total amount raised for each charity is largely dependent on the number of **Partner Cards** and **raffle tickets** that their supporters purchase.

Home Share Vermont all day Sunday January 22, 2012
Mercy Connections February 12, 2012

We believe that Leunigs can only be a healthy and successful business if we live in a healthy and successful community; therefore we try to help out our neighbors whenever we can. We are not saints, but we do have a heart. Please understand that our first responsibility is to keep the business thriving so that our sixty employees can continue to live satisfying lives. Being a good neighbor and citizen helps us in this pursuit.

Our charitable donations are primarily to local institutions that improve the lives of our neighbors. We donate to health organizations, arts organizations, and educational organizations, and other miscellaneous organizations because all of these endeavors improve the life of the Champlain Valley.

Most of our donations are in the form of gift certificates, which the receiving organization uses as raffle prizes or door prizes to augment their ongoing fundraising.

Besides our gift certificates, our chef-owner, Donnell Collins, has given herself as an auction item for the March of Dimes, Home Share Vermont, and RU12. People have donated to these organizations at their auctions for the prize of having Donnell and her crew prepares and serves multi-course meals in the winner's home for six guests.

Since the diagnosis and successful treatment of Betsy Conlon's breast cancer, Leunigs has done annual fundraisers for the Breast Care Center at Fletcher Allen. Betsy is the wife of Bob, Leunigs owner-manager, and is one of the many hundreds of Leunig's regular guests who have been touched by this disease. Each September and October, we donate based on wine sales, and host an annual wine dinner and fashion show to support the center. To date over \$100,000.00 has been donated.

Leunigs is a regular sponsor of the Discover Jazz Festival, First Night Burlington, Burlington City Arts, and The Flynn Center for The Performing Arts.

We at Leunigs will continue to do our best to be a thriving business in Chittenden County. As long as we continue to earn the support of our favorite people, our guests, we will continue to support our community, and we invite everyone to join us in trying to make life better for all.
